Dear Harold and Ruth,

Thanks for your letter of May 23. While we are unhappy to learn that you're still "with survival tack" too and happy to hear that you have paid off the bank indebtedness, we were delighted to learn that sending you the clippings from the Village Voice was not a wasted time.

Of course we're sorry to learn that you had a bout with both pneumonia and pleurisy and were having to fight two lungs when one hand was tied behind your back because you had to be about and speechifying. Do take care of yourself and wipe out the hanging on pleurisy!

I understand your not calling us when you were in the city at that occasion. You probably had much too much to do even without a social call to us.

Keep up your good work and if things ease up try to plan us when you're over the Cross. Our love to Ruth and good luck to you.

Sincerely
Sol
